

TOOL ICONS

When you are in the main mapping area, you will notice a toolbar (below) at the top of the screen. The following is a brief description of those tools and their uses:

ZOOM ALL—This tool takes you back to the full extent of the County boundary.

ZOOM IN—Click this tool once to zoom in one extent level, or, click the screen holding the left mouse button down, and draw a box around the area you want to zoom into.

ZOOM OUT—Click this tool once to zoom out one extent level.

PAN—Click this tool, holding the left mouse button down, and drag the cursor around the screen. This will pull the screen in the direction you wish to move the map.

IDENTIFY—This tool is used to identify a feature in a layer (i.e. a parcel, road, school). Click the “Identify” tool, select the layer you want to identify the feature from, and then click on the feature.

SEARCH—This tool provides you with various “canned” queries or ways to search for data in the map. Some of these searches are for parcels, roads, and latitude/longitude locations.

QUERY—This tool allows you to query (search) individual features from specific layers that you are looking for. Since this tool is looking for information specific to our databases, it helps to understand what fields and information are contained within those databases, therefore is more suited to those individuals working within the County but can be used by others in specific instances.

CLEAR MAP—This tool clears any queries or selections that have been highlighted within the mapping window.

PRINT MAP—This tool allows you to print the map you have created. You are provided with different print templates to select from.

MEASURE—This tool allows you to measure features on the screen. Follow along with the directions to perform this task.

HELP—Select this tool if you need help! It provides an overview of some of the information covered in this pamphlet and other good insight into the functions of WebGIS.

Franklin County WebGIS Quick Guide

Brief History: The Franklin County WebGIS site is an interactive mapping site that allows you to view digitally mapped data of the County. Some of the many layers available are:

Parcels
Zoning/Land Use
Buildings
School Districts
Aerial Photos
Roads/Streams
Postal Areas
Election Districts
Recreation Areas
Contours/Topos
Flood Hazard Areas

*Please note: some layers are scale dependant, meaning you may need to zoom in/out before you can check them on/off.

How to Access the Site:

www.franklincountyva.gov - Select “Search Real Estate Records (GIS)”

link from top left “Services” menu bar

Next either select “ENTER MAPPING SITE” or use the “REAL ESTATE QUICK SEARCH” (see following page)

GIS Office Contact Info:

(v) 540-483-3012

E-mail: gis@franklincountyva.org

REAL ESTATE QUICK SEARCH

Real Estate Quicksearch:

Parcel Number: Map Number (ex. 033)

Insert Number (ex. 00)

Lot Number (ex. 057)

Extension Number (ex. 05)

(Example Parcel Numbers: 0330005705, 033.00-057.05)

Owner Name: (First) (Last)

Mailing Address: (House #) (Road Name - hint: use COURT for COURT ST)

Property Address: (House #) (Road Name - hint: use COURT for COURT ST)

Acreage: to

Sale Price: to

Sale Date: to (Example Format - 3/1/2001)

District:

Zoning:

Lake Plan:

Subdivision QuickZoom:

Subdivision: 2-T ESTATES

Go

The **Real Estate Quick Search** menu is the quickest and most straight forward way to find information on a particular property you are interested in. Type in the **Parcel Number**, **Owner Name**, **Mailing Address**, or **Property Address**, or search by general classes such as **Zoning**, and **Magisterial District**, or use a range to find properties within a specific **Acreage**, **Sale Price** or **Sale Date** and then press the “**Search**” button. Select the parcel you would like more information on or **Open as an Excel File** using the link at the top right of the page.

The **Subdivision Quick Zoom** will take you right to the map centered on the selected subdivision.

The Parcel Number Search returns tabular Real Estate data:

Disclaimer

This map was prepared from the Franklin County, VA Geographic Information System. Franklin County has made substantial efforts to ensure the accuracy of location and labeling information contained on this map. Franklin County promotes and recommends the independent verification of any digital data contained on this map product by the user. Franklin County makes no warranty or other assertion as to the fitness of the maps for any particular purpose and neither Franklin County nor its agents or employees shall be liable for any claim alleged to have resulted from any use thereof.

From here, you can select an option from the top right: The **Property Information** link will allow you to view more detailed information, including building sketches. The **Map this parcel** link will zoom to the selected parcel within the GIS map (see below):

The screenshot displays the Franklin County WebGIS interface. At the top, there's a navigation bar with icons for Zoom All, Zoom In, Zoom Out, Pan, Identify, Search, Query, Clear Map, Print Map, Measure, and Help. Below this is the Franklin County logo and a sidebar with a 'Layers' panel containing links to Political Boundaries, Real Estate, SML Markers, Special Flood Hazard Areas, Transportation, and Utilities. The main map area shows a street grid with several parcels highlighted in yellow. A specific parcel is selected, and its details are shown in a panel on the right. This panel includes the Parcel ID (2070060000), Map (20700), Parcel (60000), Zone (CBD), Owner (COUNTY OF FRANKLIN), Address (40 EAST COURT STREET, ROCKY MOUNT, VA 24151), Description 1 (BLDG & LOT), Description 2, Acreage (1.183), Land Value (\$147,900), Bldg Value (\$2,283,800), Land Use Value (\$0), Deed Book (807), Deed Page (1145), District (TR), Sale Price (\$145,000), Sale Date (01/20/2004), Grantor (BONBROOK LLC), Plat Book (0856), Plat Page (0004), Addressed Buildings (50 CLAIBORNE AVE), and a 'Links' section with 'Parcel QuickSearch'.
